

SOGNO / DREAM

The artist links the work to a friend who has passed away prematurely. The dream that describes it has a strong emotional involvement. It is pure freedom, a game without thought. An animal and a woman gallop along a long journey amongst planets and the scene is almost a comic. The red planet in the background lights up the chromatic scale and the work is sunny, positive and smiley. The brushstrokes give a velvety aspect to the canvas. The female figure is blindfolded and allows herself to be led. The light-heartedness of the game is more important than the destination. There is still a lot of space to run around in. There are no boundaries like within the soul

THE WINE

The colour is a lively, intense red. The aromas recall small red fruits, blackberries, raspberries and cherries. They are released intensely and suddenly, even after emptying the glass. It is almost like smelling a newly opened jar of jam. The taste is soft, full bodied and harmonious without roughness, but with a persistent personality. Although aged for three years in steel, it remains a young wine. It is a young wine for youngsters of all ages. The screw cap makes opening easy and preserves the freshness of the Montepulciano grape for longer.
